

## SERVICE LINE COVERAGE

# Protect yourself from costly repairs.

## Your home is protected. But what about the underground utility lines?

Chances are you have underground utility lines that bring water, power and communications to your home. And you might be surprised to learn that damage to these service lines—such as pipe freezing or tree root invasion—is often your responsibility, not the service provider's. What's more, when something goes wrong, repairs can get expensive.

Safeco's Service Line coverage<sup>1</sup> is an affordable way to protect yourself from service line failures related to many causes of loss, including:

- ✓ Wear and tear
- ✓ Rust and corrosion
- ✓ Mechanical breakdown
- ✓ Freezing or frost heave
- ✓ Tree or other root invasion

Here are some examples of  
utility lines covered by  
Safeco's Service Line insurance:

Communications

Compressed air

Drainage

Electrical power

Heating

Waste disposal

Water
